AMENDED IN ASSEMBLY MARCH 22, 2018

CALIFORNIA LEGISLATURE— 2017–2018 REGULAR SESSION

ASSEMBLY BILL

NO. 3181

Introduced by Assembly Member Bonta

February 16, 2018

An act to amend ~~Section 1694 of~~ Sections 1101, 1154, 1156, 1156.5, 1157.5, 1170.1, 1190, and 1190.1 of, and to add Section 1190.2 to, the Harbors and Navigation Code, relating to ~~harbors and ports: bar pilots, and making an appropriation therefor.~~

LEGISLATIVE COUNSEL'S DIGEST

AB 3181, as amended, Bonta. ~~Port infrastructure financing.~~ Bar pilots: pilotage rates.

Existing law provides for the regulation and licensing of pilots for Monterey Bay, and the Bays of San Francisco, San Pablo, and Suisun, and the payment of specified pilotage rates and charges imposed on vessels piloted in those bays. Existing law also establishes, in the Transportation Agency, a Board of Pilot Commissioners for Monterey Bay and the Bays of San Francisco, San Pablo, and Suisun, and prescribes the membership, functions, and duties of the board with regard to the licensure and regulation of bar pilots.

Existing law requires that every vessel inward or outward bound from those bays pay a bar pilotage fee of \$8.11 per draft foot of a vessel's deepest draft and fractions of a foot pro rata, and an additional charge of 73.01 mills per high gross registered ton. Existing law also imposes, among other things, a board operations surcharge, of up to 7.5% of all bar pilotage fees charged by bar pilots, which is paid into the State Treasury to the credit of the Board of Pilot Commissioners' Special Fund and continuously appropriated to the board to compensate the board and the agency for their services and expenses.

This bill would increase that bar pilotage fee to \$10.26 per draft foot of a vessel's deepest draft and fractions of a foot pro rata, and the additional charge to 92.43 mills per high gross registered ton. The bill would make changes in the considerations required of the board when it is determining the number of pilots needed, and would repeal obsolete provisions and make nonsubstantive changes in the bar pilotage laws. By increasing the rates of bar pilotage fees, thereby also increasing the amount of the board operations surcharge and the amount of moneys paid into and expended from the fund, the bill would make an appropriation.

~~This bill would make nonsubstantive changes to that definition.~~

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. *Section 1101 of the Harbors and Navigation Code is amended to read:*

1101. The Legislature further finds and declares all of the following:

(a) The maritime industry is necessary for the continued economic well-being and cultural development of all California citizens.

(b) The Bays of San Francisco, San Pablo, and Suisun provide a vital transportation route for the maritime industry.

(c) The increase in vessel size and traffic, and the increase in cargoes carried in bulk, particularly oil and gas and hazardous chemicals, create substantial hazards to the life, property, and values associated with the environment of those waters.

(d) The federal government has long adopted the policy of providing minimum standards that ensure port and waterway safety while encouraging state control over pilot qualifications and licensing.

(e) A program of pilot regulation and licensing is necessary in order to ascertain and guarantee the qualifications, fitness, and reliability of qualified personnel who can provide safe pilotage of vessels entering and using Monterey Bay and the Bays of San Francisco, San Pablo, and Suisun.

(f) The need to ensure safe and pollution-free waterborne commerce requires that pilotage services be employed in the confined, crowded, and environmentally sensitive waters of those bays.

(g) Bar pilotage in the Bays of San Francisco, San Pablo, and Suisun has continuously been regulated by a single-purpose state board since 1850, and that regulation and licensing should be continued.

(h) The individual physical safety and well-being of pilots is of vital importance in providing required pilot services.

(i) The setting of pilotage rates by a state board of pilot commissioners is common to many ports in the United States and such a board is most familiar with, and best able to serve and balance, the interests of the public, foreign and domestic vessels, and bar pilots in the setting of those rates.

SEC. 2. *Section 1154 of the Harbors and Navigation Code is amended to read:*

1190. (a) Every vessel spoken inward or outward bound shall pay the following rate of bar pilotage through the Golden Gate and into or out of the Bays of San Francisco, San Pablo, and Suisun:

(2) A minimum charge for bar pilotage shall be six hundred sixty-two dollars (\$662) for each vessel piloted.

(3) The vessel's deepest draft shall be the maximum draft attained, on a stillwater basis, at any part of the vessel during the course of such transit inward or outward.

The incremental mill rate charged authorized by this section shall be identified as a pilot boat surcharge on the pilots' invoices and separately accounted for in the accounting required by Section 1136. Net proceeds from the sale of an existing pilot boat shall be used to reduce the debt on the new pilot boats and any debt associated with the modification of pilot boats under this section. The board may adjust a pilot boat surcharge to reflect any associated operational savings resulting from the modification of pilot boats under this section, including, but not limited to, reduced repair and maintenance expenses.
